

**BC GREENHOUSE**  
BUILDERS LIMITED

“We sited our greenhouse at the front of our property, and wanted a more formal look. The attention to detail from our first inquiries with BCG, through to design, construction and post-delivery support of our Garden Room has been stellar. We are able to grow and sustain an amazing diversity of plants, year-round. Even all of our orchids rebloomed this year. BCG is always able to help us learn and get more out of our wonderful BCG Garden Room.”

— G.G. & L.H. - Washington
